The alluring modern facade with enclosed, wrap-around glass balconies is as alluring as the Canal views from each residence.

With 57 residences and 7 floors, residents will enjoy the exclusive service and amenities of this boutique building.

An architectural rendering of a modern, multi-story apartment building at dusk. The building features a white facade with prominent balconies and large glass windows. The balconies are illuminated from within, and the building's interior lights are visible through the windows. The building is surrounded by lush tropical landscaping, including several tall palm trees and various plants. In the foreground, a white yacht is docked at a pier. The sky is a deep blue, and a few birds are visible in the distance. The overall scene is set in a waterfront location, likely a harbor or marina.

DEVELOPERS
Real Estate

With years of experience in real estate development in Venezuela, Ecuador, Colombia and Argentina, the following real estate development groups decided to join forces with a South Florida local developer to create 3D DEVELOPERS.

BRICK O., the local partner based in South Florida, is a real estate development company with more than 10 years of experience. It specializes in boutique-style single family and townhome communities as well as condo developments.

EQUIPO 18's portfolio has more than 35 projects, prioritizing innovative architecture design and high quality construction. With 30+ years of experience in real estate development in Caracas, the firm decided to expand their operations where in 2008 they began to develop in Bogotá and Quito, with projects that feature more than 700 residential units.

BLUE SKY DEVELOPERS, the third component of 3D Developers, is also a real estate development and sales company based in Buenos Aires, Argentina. Through their philosophy "We design your dream project while building successful business opportunities", the company positioned their high-end projects in the most prestigious areas of Buenos Aires totaling more than 1.100.000 ft² built.
