ABOUT OAK TREE MANAGEMENT, LTD

Founded in 1985 by Rick Rosan, Oak Tree Management has acquired, renovated, leased, and managed more than 200 apartments in 12 buildings in Brooklyn, NY to condominium or cooperative. In 2004, Jere Lucey joined Oak Tree, acquiring over 9 residential apartment properties in New York, Maryland and Florida at a valuation of over \$75,000,000.

Since 2013, Oak Tree has sold over 40 of its residences as either condominium or cooperatives, at a valuation of over \$23 million.

The quality of workmanship in construction and renovation executed by Oak Tree has resulted in apartments selling at some of the highest prices achieved in the market.

Oak Tree maintains its relationships with buyers, post conversion, by managing its properties to the highest standards. Due to the care taken in management, resales at Oak Tree managed properties have led the market.

Oak Tree focuses on neighborhoods where people can conveniently live, work and play.

In Brooklyn, those neighborhoods include Park Slope, Prospect Heights, Crown Heights, Fort Greene, Windsor Terrace and Kensington. The North Beach Village neighborhood, where The Wave on Bayshore is being developed, has a similar live, work and play dynamism.

ABOUT THE PRINCIPALS

Rick Rosan was CEO of the Urban Land Institute and president of the ULI Foundation. He served as economic development director for downtown Brooklyn, and later for the City of New York.

Jere Lucey has 28 years of experience in commercial real estate in public and private equity offerings, loan sale and financing transactions, most recently with Jones Lang LaSalle's Capital Markets Group. Rick and Jere have owned a residence in Fort Lauderdale since 1993.
